

togetherstjude.org

Qualification requirements

- Presenting at an age 0-3 years of age developmentally
- Receiving OT, PT, or ST services

Purpose of the program

To provide developmental toy items to families along with activity sheets to assist in guiding developmental play.

Therapy To Go

Developmental Toy items:

Promoting family centered practice in the pediatric oncology setting through program development

Family Centered Practice:

- Demonstrates collaborative approach through shared decision making
- Ensures that therapy outcomes are meaningful to both family and the child
- Requires rapport and quality relationship between therapist and family members to ensure buy-in

Tower

Your child might only be able to use 3 or 4 blocks to build the tower at first. Have your child add more blocks as they are able.

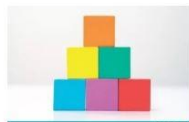

4 block wall

4 block train

3 block bridge

6 block pyramid

6 block train
